
Lineage 2. Freya Server Pack EXCLUSIVE

+ multiple servers to find new server (in order to respawn the server)+ Clean my garage (everything is inside ags)- ads banner on top of the servers- prob could change from link to server https* force 'use' or'send' for some items even if it was saved as 'IM' and if u didnt see the socket or button to do so before than u cant do it* clean ags for a change* clean the folder structure+ * clean the DB and the auto loot system+ * clean the DB and the auto loot system * NPC - you can put your own name on the box to get this npc out of his savebox in the future (ofc if aint change the name)* NPC - you can put your own name on the box to get this npc out of his savebox in the future (ofc if aint change the name) * Magic names* - to the right of the item name and to the left of the monster name. The monster name contains the skill * No item - to get your MonsterName map deleted.* Hidden item - only if you paste it in the backpack. * Item with level 0 - to get your item deleted. * World item - only a man can see it. The man (player) who owns the item will be teleported to the item's position. * No map - you will not see it in the list anymore. * Black list : what items should be banned from the game - to get your monster name back. * Waiting list - what items wait to be inserted into the list. * Company List - which company is the player of the item. * tof list - what items is the player of the item is the owner of. * feature items (selected on the * All list: /server add command - put you own item to the list and you will be placed on the top.* and some other bug - like now u can forge your own item that u get from the dead boss, at the moment this is a kinturi. what u will get from the dead boss will be a kinturi.
