## Download Mod Los Angeles Crimes: A Guide for GTA Fans

If you are a fan of Grand Theft Auto (GTA) series, you might be interested in trying out mod los angeles crimes, a fan-made game that recreates the GTA experience on Android devices. Mod los angeles crimes is based on Los Angeles Crimes, an open-world action game developed by Mohammad Alizadeh. The mod adds new features, modes, maps, vehicles, weapons, skins, and more to the original game, making it more fun and immersive. In this article, we will show you how to download and install mod los angeles crimes, what are its features and benefits, what are the reviews and ratings from other users, and what are some alternatives and competitors that you can also check out.

### Features and Benefits of Mod Los Angeles Crimes

Mod los angeles crimes offers a variety of features and benefits that make it stand out from other GTA-like games for Android. Here are some of them:

- **Free roam, team death-match, zombie survival, car race & soccer modes:** You can choose from different game modes depending on your mood and preference. You can explore the city freely, fight against other players or zombies, race with cars or bikes, or play soccer with your friends.
- **Third-person & first-person view:** You can switch between third-person and first-person view anytime during the game. You can also customize the camera angle and distance to suit your style.
- **Active-ragdoll and realistic physics:** The game uses active-ragdoll technology and realistic physics to simulate the movements and reactions of the characters and objects in the game. You can see the characters fall, fly, roll, bounce, break, etc. in a realistic way.

- **LAN support and PS4 controller support:** You can play the game offline with your friends using LAN connection or online with other players from around the world. You can also use a PS4 controller to play the game via Bluetooth connection.
- **Customizable characters and vehicles:** You can customize your character's appearance, clothes, accessories, weapons, etc. using the in-game menu. You can also customize your vehicles' color, wheels, engine, etc. using the garage menu.
- **Online multiplayer with chat and voice commands:** You can communicate with other players using chat or voice commands during the game. You can also join or create clans, invite or kick players, vote for maps or modes, etc.

## How to Download and Install Mod Los Angeles Crimes

To download and install mod los angeles crimes on your Android device, you need to follow these steps:

1. < - Step 1: Download the APK file from a trusted source. You can find the latest version of mod los angeles crimes on various websites such as APKPure, APKMirror, or APKCombo. Make sure you download the file from a safe and reliable source to avoid any malware or viruses. The file size is about 200 MB, so you need enough storage space on your device. - Step 2: Enable unknown sources on your device settings. Before you can install the APK file, you need to allow your device to install apps from unknown sources. To do this, go to your device settings, then security, then toggle on the option for unknown sources. You may see a warning message, but you can ignore it if you trust the source of the file. - Step 3: Install the APK file and launch the game. After you have downloaded and enabled unknown sources, you can install the APK file by tapping on it and following the instructions. It may take a few minutes to complete the installation process. Once it is done, you can launch the game by tapping on its icon on your home screen or app drawer. - Step 4: Choose a server or create your own. When you open the game, you will see a list of servers that you can join or create. You can filter the servers by mode, map, players, ping, etc. You can also create your own server by tapping on the plus icon and setting up your own rules and preferences. You can invite your friends to join your server by sharing the code or QR code. - Step 5: Enjoy the game. Now that you have joined or created a server, you can start playing the game. You can use the virtual buttons on the screen to control your character and vehicle. You can also use the menu button to access the settings, inventory, chat, voice commands, etc. You can switch between third-person and first-person view by tapping on the camera icon. You can also pause or exit the game by tapping on the back button.

## Reviews and Ratings of Mod Los Angeles Crimes

Mod los angeles crimes has received positive feedback from users and critics who have praised its gameplay, graphics, features, and performance. The game has a high rating of 4.5 out of 5 stars on Google Play, with over 100 thousand downloads and 20 thousand reviews. The game also has a high rating of 4.7 out of 5 stars on YouTube, with over 10 million views and 200 thousand likes.

Some of the comments from users are:

"This is the best GTA-like game for Android. It has everything I want: free roam, multiplayer, customization, realistic physics, etc. I love it!"

"This mod is amazing! It adds so much content and variety to the original game. The graphics are stunning and the gameplay is smooth. I highly recommend it!"

"This is a masterpiece of modding. The developer did a great job in creating this mod. It is better than some official GTA games in my opinion."

However, some users have also reported some minor bugs and glitches that affect their gaming experience. Some of these issues are:

- The game sometimes crashes or freezes.
- The game sometimes lags or stutters.
- The game sometimes has missing textures or models.
- The game sometimes has wrong sounds or voices.
- The game sometimes has connection problems or errors.

Some of these issues may be fixed by updating the game to the latest version, clearing the cache data, restarting the device, or reinstalling the game.

Some users have also suggested some improvements and future updates that they would like to see in the game. Some of these suggestions are:

- Add more modes such as heist, robbery, police chase, etc.
- Add more maps such as desert, forest, island, etc.
- Add more vehicles such as planes, helicopters, boats, etc.
- Add more weapons such as rocket launchers, grenades, snipers, etc.
- Add more skins such as animals, superheroes, celebrities, etc.
