# Newlydraw 1.5: The Ultimate Drawing App for All Your Needs

If you are looking for a fun and easy way to create your own stickers, logos, cartoons, or anything else you can imagine, you should check out Newlydraw 1.5. This app is available for download on iOS, Android, Windows Phone 8.1, and Windows 8.1 devices. Newlydraw 1.5 lets you draw with your finger or stylus, add text and images, customize your colors and fonts, and share your creations with your friends on Facebook or other platforms.

Newlydraw 1.5 is not just a drawing app, it is also a powerful editing tool that gives you full control over your text and images. You can choose from a variety of fonts, set the color for your title, change the size of the font, or turn off text completely. You can also add pictures from many different sources such as Facebook, Flickr, Tumblr, Instagram photos or any picture from your computer. You can resize, rotate, crop, and flip your images as you like.

One of the best features of Newlydraw 1.5 is that it allows you to upload your drawing to Facebook with all the custom edits that you have done. You can also save your images to your phone, send them in an email, or just save for later use in Newlydraw. You can also export your drawings as PNG or JPG files for printing or other purposes.

Newlydraw 1.5 is a great app for anyone who loves to draw or wants to unleash their creativity. It is suitable for kids and adults alike, and it is very easy to use. You can start drawing right away with the simple and intuitive interface. You can also browse through the gallery of drawings made by other users and get inspired by their work.

Newlydraw 1.5 is currently being updated on 9/17/2015 and will only be available for download until 9/21/15. Once the update is complete, Newlydraw will be available for download once again[^2^]. Don't miss this chance to get this amazing app for free! Download Newlydraw 1.5 today and start drawing your own stickers!

Newlydraw 1.5 is not only a drawing app, but also a learning app. You can learn how to draw different things by following the tutorials and tips provided by the app. You can also improve your drawing skills by practicing with the various brushes and tools available. You can choose from different types of brushes such as pencil, pen, marker, crayon, and more. You can also adjust the thickness and opacity of your strokes. You can also use the eraser, undo, and redo functions to correct your mistakes.

Newlydraw 1.5 is also a social app. You can connect with other users who share your passion for drawing and exchange feedback and ideas. You can also join contests and challenges hosted by the app and win prizes and recognition. You can also create your own contests and invite your friends to join. You can also follow your favorite artists and see their latest drawings. You can also comment and like their drawings and show your support.

Newlydraw 1.5 is the ultimate drawing app for all your needs. Whether you want to draw for fun, for work, or for education, you will find everything you need in this app. You can create amazing drawings with just your finger or stylus, and share them with the world.
