How to Download Amazon Seller Invoice

If you are an Amazon seller, you might need to download your invoices for various purposes, such as accounting, tax filing, or record-keeping. An invoice is a document that shows the details of a transaction, such as the date, amount, items, and buyer information. In this article, we will show you how to download your Amazon seller invoices from the website or the mobile app.

What is an Amazon seller invoice?

An Amazon seller invoice is a document that Amazon generates for each order that you fulfill through Amazon. It shows the breakdown of the fees and charges that Amazon deducts from your payment, such as referral fees, fulfillment fees, storage fees, and taxes. It also shows the net amount that you receive from Amazon for each order.

Why do you need an Amazon seller invoice?

You might need an Amazon seller invoice for various reasons, such as:

- To keep track of your sales and expenses
- To file your taxes and claim deductions
- To provide proof of income or expenses to your accountant or auditor
- To resolve any disputes or issues with buyers or Amazon

How to download an Amazon seller invoice from the website?

If you want to download your Amazon seller invoices from the website, you can follow these steps:

Step 1: Sign in to your Amazon seller account

Go to [Amazon Seller Central](^1^) and sign in with your email and password.

Step 2: Go to Reports > Tax Document Library

On the top menu bar, click on Reports and then select Tax Document Library from the drop-down menu.

Step 3: Select the year and the document type

On the Tax Document Library page, choose the year that you want to download your invoices for. Then, select the document type that you want to download. You can choose from:

- Monthly Sales Tax Invoices: These are invoices that show the sales tax that Amazon collects and remits on your behalf for each month.
- Monthly Transaction Details Report: This is a report that shows the details of each transaction that you made through Amazon for each month.
- Annual Summary Report: This is a report that shows the summary of your sales and fees for the whole year.

Step 4: Click on Download or View

Once you have selected the year and the document type, you will see a list of documents available for download or view. Click on the Download button to save the document as a PDF file on your computer. Alternatively, you can click on the View button to open the document in a new tab.

How to download an Amazon seller invoice from the mobile app?

If you want to download your Amazon seller invoices from the mobile app, you can follow these steps:

Step 1: Open the Amazon Seller app and sign in

Download and install the [Amazon Seller app](^2^) on your iOS or Android device. Open the app and sign in with your email and password.

Step 2: Tap on the menu icon and select Reports

On the home screen of the app, tap on the menu icon on the top left corner and select Reports from the side menu.

Step 3: Tap on Tax Document Library

On the Reports screen, tap on Tax Document Library under the Other Reports section.

Step 4: Choose the year and the document type

On the Tax Document Library screen, choose the year that you want to download your invoices for. Then, tap on the document type that you want to download. You can choose from the same options as the website.

Step 5: Tap on Download or View

Once you have chosen the year and the document type, you will see a list of documents available for download or view. Tap on the Download button to save the document as a PDF file on your device. Alternatively, you can tap on the View button to open the document in a new tab.

Conclusion

Downloading your Amazon seller invoices is easy and convenient, whether you use the website or the mobile app. You can access your invoices anytime and anywhere, and use them for various purposes, such as accounting, tax filing, or record-keeping.
